

# PUBLIC SERVICE ANNOUNCEMENT!

HELP THE AGED  
MAKE A VDV FOR THEM TODAY

When the nights are drawing in and **danger lurks** around every corner, we as **good Scouters** must look after our old folk! The only problem is to **touch the lives** of each and everyone one of them would take up every **unit night** for the next twenty years, so we need to **think SMART!**

We need to bring back the **Public Service Announcements!!!**

A Service announcement is a video (.avi or .mpg) **no longer than five minutes** and explains to old folk about a **danger that could hurt them** in someway. So get your thinking caps on and remember to **be informative and entertaining.**

Think Safety first, Safety second, we owe it to them all

**SEND ALL SUBMISSIONS BY 12TH JUNE 2009 TO**
